SPECIALTY LUBRICANTS

## ATF MULTI-TRANS

*Premium Full Synthetic Automatic Trans Fluid*

Premium Synthetic Base Oils

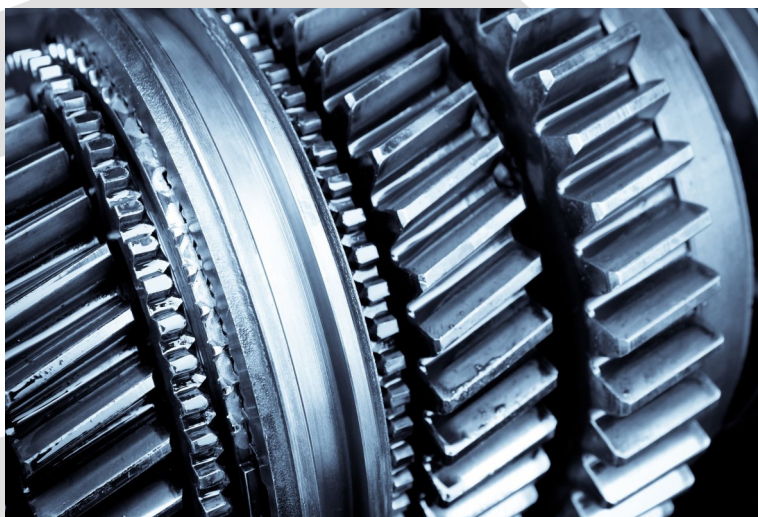

Superior Protection

Provides Superior Shift Quality

Extremely Versatile

Resists Oxidation

Extended Service Life

*“Meeting countless industry specifications for automatic transmission fluids, ATF MULTI-TRANS is as versatile as it is effective. Superior base oils and additives shine in heavily worked transmission applications.”*

ATF MULTI-TRANS is an outstanding trans fluid that has a premium synthetic base oil. It was designed to be compatible with petroleum oils and many other popular synthetic oils. Due to its quality additive package, users can extend the service life with ATF Multi-Trans.

ATF MULTI-TRANS is suitable for cold temperatures offering a low pour point of -60°F, while also being suitable for high temperatures with a flash point of 367°F. ATF MULTI-TRANS is compatible with most transmissions however do not attempt to use this fluid in continuously variable transmissions (CVT's) or dual clutch transmissions (DCT's). Please look to the back for specifications and transmissions ATF-MULTI-TRANS meets or exceeds.

## **Product Specifications**

Filtered Down to 10 Microns	
Foam– Tendency/Stability	
Sequence I, ml.	5/0
Sequence II, ml.	5/0
Sequence III, ml.	5/0
Viscosity Index	193
Viscosity cSt at 100 °C	7.3
Flash Point, °F, C.O.C	367
Pour Point, °F. (C.)	-60 (-51)
Viscosity, cP/-40 °F	10,900
Appearance	Bright
Color	Red

MEETS AND EXCEEDS OR SUITABLE FOR USE FOR THE FOLLOWING OEM automatic transmission specifications.
